LIVE PROJECTS

AFHC – RKSK Health Management App (Govt. of India)

A government healthcare mobile app under Rashtriya Kishore Swasthya Karyakram by the Ministry of Health & Family Welfare, with support from the World Health Organization.

It is designed for Adolescent Friendly Health Clinics (AFHCs) to manage adolescents (10–19 yrs) by enabling digital registration, secure health records, monitoring, and reporting across nutrition, reproductive health, mental health, substance abuse, and menstrual hygiene — helping healthcare staff improve clinic services and decision-making.

Our Green Planet – Vodafone Foundation CSR Initiative of Vodafone Idea Limited

Our Green Planet is a sustainability-focused mobile app launched by the Vodafone Foundation under its CSR program. It educates youth and children about climate change, environmental responsibility, and sustainable living while encouraging community participation.

Key features include a Carbon Footprint Calculator, sustainability learning resources, plantation and e-waste activity tracking, and community-driven environmental action reporting — empowering users to measure, reduce, and actively contribute toward a greener future.

Jaimru Text – Business Messaging App

Jaimru Text is a professional WhatsApp-style messaging app built for businesses to communicate with clients quickly and securely.

It offers pre-defined message templates, instant messaging, chat search & filters, and organized client management — helping professionals streamline conversations, respond faster, and manage communications efficiently.

Talent Shorts – Short Video & Creator Platform

Talent Shorts is a short-video platform where users upload reels, explore trending content, follow creators, and showcase their talents.

It offers smooth video streaming, creator discovery feeds, and in-app advertising similar to social media ads — helping creators grow their audience and brands promote products with high engagement.

Advisor – Smart Advisory & Consultation Platform

NHI Advisor is an advice and consultation platform connecting users with verified experts for career, lifestyle, personal growth, and relationship guidance.

It supports real-time chat, voice, and video calls, personalized consultations, and uninterrupted notifications — helping users receive instant and interactive professional support.

Orlife – E-Commerce & Lifestyle Shopping App

Orlife is a modern e-commerce mobile app for premium mobile accessories and lifestyle products at competitive prices. It offers a wide catalog (earbuds, cables, chargers, batteries, audio devices, and select herbal FMCG items), exclusive discounts, secure checkout, and fast delivery across India — providing a smooth and reliable everyday shopping experience.
